My dear Sir

Have exam'd the Treasury cash balances – cash & notes – & found them correct –

Have examined the old Dutch uncurrent coins and copper duddus. The Hukkis this afternoon are busy today in making payts of salary bills.

I propose to examine the uncurrent coins by

Business at Leisure.

The balance shown as remaining with the Bank does not tally with the Bank Pass Book which has not been written up to date. I have therefore asked the Nuthi[?] to get the correct balance on this date in the Bank and that one shown with an

Explanatory memo of the difference. Some forgot[?] to send the Bank have not been cashed in money. Some of the cheques issued remain uncashed either at the Bank or in Treasury; hence the difference between the two accounts. I will send you the Cash Balance statement in the

4. On 13th March,
1895, the Amildar Magte
replied as follows: —

f your letter complain-
ing of ill-treatment
at the hands of the
Vunderarhully Villagers—
but who are the people
that ill-treated you—
you have to mention
their names and proceed
with your case by pre-
senting a duly stamped
complaint and giving
a deposition before me—
"On the above letter I
"cannot initiate Crimi-
nal proceedings—If it
is your pleasure, you
may act as I have
"suggested"—

On the 31st March
95, Mr. Crawford again
wrote to the Amildar as
follows:—

"Advertising to
my letter of 10th May, March
respectfully beg to
know what steps are
being taken by the Police
relative to the assault
myself, Mr. Taylor
, horsekeeper by the
Villagers

"On the 25th February
"I would point out that
"I lodged a complaint

"diately after the assault,

"missioner on the 26th of

"no result, the affray

"might have been of a

"enquiry into the matter
"should be instituted and
"the Villagers punished—
"I may add that
"in the event of no notice
"being taken I shall be
"compelled to place the
"subject before the British
"Resident—"

6. In reply, the Amildar wrote as follows—

the 6th April 1895:
"Your English letter
of the 31st March has
been received. With re-
"ference to your letter of
"the 10th March com-
"plaining of the assault
"committed by the Villagers
"of Wunndevarhully, I
"have already sent you by
"post in my No. 854
"of the 13th idem, a
"reply to the effect that
"you should present a
"petition with names of
"accused persons duly
"inserted and also give
"your statement on
"solemn affirmation.
"A similar reply des-
"patched to Mr. Taylor
"has been acknowledged &
"replied to. While so, I
"am surprised to hear from
"you that your reference
"has received no reply.
"On a petition put in by
"Mr. Taylor, a notice has
"been issued for his personal
"attendance on the 15th

April 1895. Your
"syce Chenna Basava
"has lodged a com-
"plaint against Ha-
"numantha of Nun-
"devarhully and the
"same has been posted
"for hearing to the 22d
"April 1895. The
"Police Inspector has en-
"quired into your com-
"plaints and submit-
"ted a report to the
"Deputy Commissioner.
"You stated in your
"first letter that you
"had no complaints to
"make against par-
"ticular individuals.
"If you are even now
"inclined to proceed
"criminally, you must
"as already intimated,
"appear in person,

present your complaint
"and do the needful."

7. Mr. Crawford however does not appear to have taken any further steps in the matter of pressing his complaint -

8. On the 28th. February and 1st. March 1895, Mr. Taylor wrote as follows for the information of the Police:—

"On Monday
"the 25th. February 1895,
"I and Mr. J. G. H.
"Crawford of Ubban,
"were shooting at
"Undevathully Tank.
"At about 9. 30 A.M.
"Mr. Crawford shot
"2 teal, which were
"left in the water

Mr. Crawford's report of the 1st. March to the Police was as follows:—

"On the 25th. of present month Mr. Ralph Taylor and myself went to the above tank for the purpose of a duck shoot, on arriving there at about 9. 30 I succeeded in shooting a couple

of teal which fell some 15 yards from the edge, ~~and~~ seeing that the water was deep and full of reeds and considering the birds unobtainable, proceeded to the left round the tank leaving Mr. Taylor attempting to secure game by the aid of his dog, he after one or two futile attempts on the part of the animal to retrieve same also left going in the opposite direction over tank-bund where

"apparently dead "some 15 yards from "the Northern side of "the tank in excessive weed and "about one furlong "from the Village-

"After making "an unsuccessful "attempt with a "dog to recover the "birds, I proceeded to "the tank "bund" on "the Southern side of "the water, Mr. Crow- "ford meanwhile "going in the op- "posite direction and "shooting along the "Eastern side of the

tank

tank. from the bund
"I shot 3 birds which
"fell in the water some
distance from the bund,
I left them and proceeded
to within some 60 yards
"of the extreme end of
"the tank "bund" - I
"then noticed a com-
"motion on the other
side of the tank at
"the spot where the
first two birds ~~had~~
"were shot by Mr.
"Crawford and I pro-
"-ceeded to follow the
"Villagers in that direction,
"After having gone some
200 yards, I was in-
"formed a man had
"just been drowned
"and seeing every
"one at the spot come
"out of the water
"and hearing ~
"across the tank

I noticed he shot
two more birds I
bagging a like
number at ex-
-treme end of
lake, while there
I observed Mr.
Taylor run back
a short distance
say a few hundred
yards concluding
that he was going
elsewhere - I
crossed over to bund
with the intention
of joining him, en-
route to do so, I
was met by him
hurrying back,
arriving within
speaking distance
he told me that a
man had been ~
drowned in at-
-tempting to se-
-cure the 2 birds I
had shot on arrival
hearing this he and
I hurried as fast as

we possibly could to render any assistance that might be in our power, on leaving the tank bund and turning corner near the Village we were both set upon and violently beaten, we being lead then by some Villagers to a temple to talk the matter over there it was intimated to us that the whole matter would be quietly settled upon the payment of money, otherwise although they allowed we were guiltless of in any way being the cause of the man's death a report to the effect supported by some 50 Villagers (as witnesses) would be sent in to the Police that we had virtually drowned him by inducing him to enter the water to

"seeing what appeared "to be an affray I "decided to forthwith "inform Mr. Crawford "and having done so we "both speedily ran towards "the spot, with the in-"tention of rendering "possible assistance or "advice under the un-"fortunate circumstances, "but upon reaching the "Village corner of the tank, "we were immediately "attacked, foully abused, "severely beaten and "our guns taken by the "Villagers notwithstanding "our repeatedly shouting "to them to desist and "summon the Patel of the "Village - The assault "was ended by the timely "intervention of one Ha-"numantha by name & "another and we were both "conducted to a temple, "where we were informed "that the matter could be

hushed up by payment of "a sum of money, then "and there, otherwise though "they allowed we were in "no wise to blame for the "unfortunate accident, "it was the intention of "many Villagers, to falsely "accuse us both, of sending "the man into the water and thereby indirectly "causing his death-

"We naturally "refused to entertain any "such sordid project "and immediately sent a servant and insisted n the Villagers also sending for the Police, much to their evident displeasure-

"The Bilekulley Po-"lice Peon No 210 having rrived, the matter was 'ully reported to him & documents relating thereto placed in his hand, by the 'illaige Patel & ourselves-'fter which we were per-mitted to depart and only

recover game, this proposition we did not entertain but insisted on the Police being called and in fact sent ourselves, on the arrival of Police Peon No 210 from Bilekalli the Patel submitted his report, we at same time handing one containing an account of the assault committed on us by the Villagers, we had to do this as the Patel ab-solutely refused to touch upon the matter- I may add that both of my servants had been beaten previous-ly to the attack made upon us, one so much so as to be incapa-citated from work up to date-"

"Peon."

9. In reply to the report made to the Assistant Superintendent of Police, he replied on the 3d March 1895, that the matter was under enquiry, and that his statement would be duly placed before the Magistrate. In the matter of the assault, the Superintendent of Police advised that he would do well if he lodged a formal complaint before the Taluk Magistrate of Hossur as the scene of occurrence was in his

jurisdiction—

10 On the 4th March 1895, the Amildar Magistrate held the Inquest regarding the death of Dasa Raju and 4 witnesses were examined. They were (1) Narasammah, (2) Ranga Raju (3) Hanumantha Raju and (4) Ranga Raju. The first is the mother, the 2d. the brother and the 3d. a cousin (uncle's son) of the deceased. The first speaks of her having learnt of the deceased having been asked by the Sahebs to get into the tank to bring out the birds and of his having died in the attempt, the 2d and

4th

4th merely speak of the deceased having been drowned in the attempt to remove the birds and the 3rd (who is also the 1st Accused in the case) speaks of the deceased having been asked by the Sahebs to get into the tank to fetch out the game on promise of cooly and of the deceased having died in the attempt to do so.

11. The Mahazar drawn up at the Police investigation is wanting in details. It merely notes the fact of the deceased having died in attempting to remove the game. But it is silent both as to

the alleged assault committed on the Planters & as to whether the deceased got into the tank at the instance of the Planters or of his own free will -

12 A Verdict of accidental death was then entered by the Amildar Magistrate -

13 On 8th March 1895, Mr Taylor preferred the following unstamped complaint to the Amildar Magistrate by post: —

"I have the "honor to make a "formal complaint "against the Villagers "of Undadahully

for

"for committing an
"assault upon me
"on the 25th February
"last.

"The particulars
"of the assault are
"already in the hands
"of the Assistant
"Commissioner of
"Police of the Hassan
"District.

"Taking into
"due consideration
"the state of the
"feelings of the said
"Villagers consequent
"on the death of
"one of their com
"rades who was
"accidentally
"drowned in the tank
"I have no wish at

"present to proceed
"against individual
"members of the
"Village, but deem it
"my duty to place
"this complaint
"before you in order
"that Government
"may make a full
"enquiry into the
"matter and may
"take the necessary
"steps to effectually
"prevent the re-
-"currence of such
"behaviour on the
"part of the said
"Villagers or of other
"persons in the
"future under si-
-"milar circumstances-"

On

14 On the 11th March 1895, the Amildar Magistrate replied in identical terms with the reply he sent to Mr. Crawford on the 13th March 1895 (Vide page 2).

15 Again on the 21st March 1895, Mr. Taylor sent another complaint petition, with the stamp affixed, to the Amildar Magistrate by post to the fol-
-lowing

lowing effect:—

"I have the honor to hereby "lodge a complaint "against the Vil- "-lagers of Wun- "-devarhully for "Riot and Assault "upon me on the "25th February 1895, "Sections 146 and "352, Penal Code)-

"The particulars "of the matter are "already in the "possession of the "Assistant Com- "-missioner of "Police of Hassan "District."

Mr. Taylor

16 Mr. Taylor enclosed the above complaint petition, in his letter addressed to the Amildar on the same date, in the following terms:—

"I have the honor "to acknowledge your "letter of the 11th Instant "requesting a stamped "complaint and the "names of the people "who assaulted me at "Wundesarhully, I now "beg to enclose the "stamped complaint "but it is obviously "impossible to give "the offenders' names as "there were some 20 or "30 at least engaged in "the assault and riot—"

17 The Amildar Magistrate wrote in reply, on the 26th March 1895, as follows in English:— "I

In reply to
"your letter of the 21st
"Instant regarding the
"complaint against
"the Villagers of Mundevar
"-hully Village, I have
"the honor to inform
"you that I cannot
"proceed in Criminal
"side unless you appear
"in person and give all the
"names of accuseds &
"witnesses according to
"Section 200 of the Cri-
"minal Procedure Code.
"A notice has also been
"issued to you in due
"course."

18 The Amildar
Magistrate accordingly
issued a notice to Mr.
Taylor on the 24th,
informing him that the
enquiry could not be
proceeded with unless
he appeared in person
and solemnly deposed
before the Court as to

the details of the offence committed and the persons by whom they were so committed and gave the names of the witnesses to be examined, and that he should present himself before the Court for the said purpose on the 15th April 1895, failing which his complaint would be rejected

19. The notice was served on Mr. Taylor on the 4th April 1895.

20. On the day fixed, 15th April 1895, Mr. Taylor appeared before the Magistrate when his statement was duly recorded. He however referred to one Hanumantha Raju son of Dasu as having been concerned

in the Assault and stated that he would point out the others"—

21 The Amildar Magistrate thereupon ordered the issue of processes. He directed that the names of such of the individuals as may be pointed out by the Complainant should be entered in the summons and the same duly served by the Police Jemadar on the ~~concerned~~ individuals concerned.

22 His order to the Police was as follows:—

"I have sent "summonses against "1st Accused Hanu-"mantha and others. "The Complainant comes "to point out the "other Accused. In his

"presence you should
"enter the names of
"the people whom he
"points out & serve
"the same on all
"persons concerned.
"As many quarter
"rupees should be
"collected and sent
"as there are accused.

23. The original
summons in the
file shows that it
was directed to Ha-
numantha ~~Rapa~~
and generally to
such of the other
Villagers of Wun-
desathalley as might
be pointed out by the
Complainant. The
summons was issued
on the 15th April
1895.

24. On the 16th idem, Mr. Taylor went into the Village in company with the Jemadar and pointed out three individuals, viz 1 Hanumantha Raju, 2 Hanumantha Raju, and 3 Ranga Raju. The names of the two latter individuals were inserted in the summonses and they were duly served upon them.

25 The case was posted for hearing to the 13th of May and after some adjournments finally disposed of on the 12th of June 1895.

For

~~accidental death was was entered by the Assistant Magistrate~~

26 For the prosecution four witnesses were examined, Messrs Taylor and Crawford, Mr Crawford's Syce who put in a separate complaint of assault, and the Hospital Assistant, Krishnasami Iyer, who testified to having observed bruises and red patches on the complainant's skin the day after the accident.

27 The evidence of witnesses Messrs Taylor & Crawford was pretty much the same as was alleged in the written statement to the Police Assistant

Superintendent - The following portion of Mr. Taylor's evidence however gives an idea of the way in which the scuffle between the Villagers and the Planters originated, " While "on our way to the "place of drowning, "4: 5 or 6 Villagers "came and prevented "Mr Crawford's progress "and attempted to "snatch the gun he "had in his hands. I "went to his rescue - "meanwhile 10 or 12 persons "came on all sides of "me and attempted to "snatch my gun away. "I then came to the "front, Mr. Crawford "being left behind. I had firmly seized hold of my gun with both

"hands. They abused
"me. 1st Accused laid
"hold of my neck. I
"said, let us go to the
"Patel's house, sit down
"and talk over the
"matter without making any
"fuss. With one of
"my hands I shoved the
"1st Accused aside to
"free myself from his
"hold. Then 10 or 12
"persons beat me on
"my shoulders, head and neck
" x x When we were
"beaten the syces were
"at a distance. They
"may have witnessed the
"same. I did not see
"them"

28 The Syces'
evidence was as follows.
"While the Sahebs were
"shooting people came
"running saying that
"some fellow fell into

the tank. The Accused
"came near me and
"teased me to let go the
"horse. I refused. The
"1st Accused & another
"beat me. All the 3
"Accused beat the Com-
"plainant and the 1st
"witness. I was at a
"thrashing floor near the
"temple. The Complainant
and the 1st witness
"were near the tank.
"The distance between
"us may be about ~~15~~
"50 yards. Many persons
"had collected when Com-
"plainant was being
"beaten. I do not know
"on what part of the body
"which particular in-
"dividual beat. I saw
"all the three Accused
"beat the Complainant.
"Lots of people had
"assembled. I do not
"know which of them beat
"and which remained
"quiet. I did not go
"near"

29 The Court examined 3 witnesses. Of these Hanumantha who according to complainant was the man who interceded on their behalf and prevented further beating and into whose hands Mr. Crawford delivered his gun & spoke to the following effect:—

"One day about "3 months back these "Sahebs came and shot "teal in our tank "and it was noised "about that Dasa Raju "of our Village got "drowned in trying to "recover the birds. I "heard 1st accused "beating his mouth "that his brother died. "I went thither. The "1st and 3d accused had "detained the Sahebs "saying that as their brother was drowned

they (the Sahebs) should
"not leave the spot
"till the Police came there.
"I asked why the Sahebs
"were detained there and
led them ~~to~~ near the ~~f~~ —
temple - The Sahebs'
servant brought the
Police Constable - There
were a lot of people
where Accused had
detained the Complainant -
"I did not see the
Complainant beaten
nor did I hear of his
having been beaten -
3d Accused was the
elder brother of the
deceased - He detained
the Sahebs saying that
as deceased died on
account of them,
and he did not know
to which Bungalow they
belonged, they should
stay till the Police
came - The Complainant
and accused did not talk
in my presence nor did
they say anything to me -
The commotion had

subsided when I went
to them.

30 " The 2d witness for
the Court stated as
follows:—

"On the day of
"the occurrence, I saw
"Complainant at Ween-
"devarkully temple. 1st
"and 3d accused ~~sent~~ gave
"information to the
"Bilekalli Station Duf-
"fedar that two Sahebs
"shot birds in the tank
"and that their brother
was "drowned ~~himself~~ in
"trying to recover them.
"The Duffedar sent me
"to Weendevarkully and
"directed 1st and 3d Ac-
"cused to go to Hassan
"A servant of the Saheb
"had also come to fetch the
"Duffedar. The Sahebs
"wrote a report which
"they asked me to hand
"over at the Station—

The Patel gave me no
report. The Complain-
ant said that they
shot birds, that deceased
went to fetch them
and drowned himself
and that when they
asked the Villagers to
take him out, the
Villagers caught hold
of them and beat them.
snatching their guns
away. The guns were
in the temple. The
Complainant asked Patel
to restore the guns &
the Villagers said the
Sahebs were welcome
to take their guns –
The Complainant said
the persons who took
information to the
Station beat them.
When I went to the
spot, Complainant
did not tell me which
of the Villagers present
beat him. The in

"Complainant said
"that their guns had
"been snatched and
"detained, with the
"object of keeping them
"there till the arrival
"of the Police but he
"did not tell me that
"he was prevented by
"any body from going-
"Complainant pointed
"out blood ~~marks~~ clots in 2
"or 3 places- The other
"Saheb said that he was
"not beaten by any body
"and that when they
"came near him he
"threatened to beat them
"with the gun and
"they left him-"

Contradicts Mr Crawford.

31 The Court 3d
witness the Patel spoke
to the following effect:-

"I know the
"Complainant. I did
not

see them shoot birds, when the complainant and another Saheb were in the temple, I saw them there. Many people of the Village had collected there. As I heard that some one fell in the tank, I went there. The wife and the children of the deceased were lamenting. The mother of the deceased said that her son, drowned himself in the attempt to bring birds from the tank. I made no enquiries at the temple. I got a report written by Marigowda. The Sahebs also wrote one. I do not know ~~what~~ what the Sahibs did with their report. I sent my report through the Court 2d witness who came from the Station. Exhibit I

"is my report. Accused
"are distantly related
"to me. The Complain-
"ant did not tell me
"that he was beaten —

32 The statement of the accused was as follows: —

1st Accused.

(not examined)[x]

The Complainant and another Yira[x] (not the 3d witness) were shooting in the tank bed. The 1st witness was shooting towards the tank bund. I followed the 1st witness. He said something in his language. I stood behind a Oopli tree. Complainant shot 5 or 6 birds and they dropped in the lotus. 3 of them dropped in the water at some distance. There was no one with

the Complainant, except his Syce. My uncle's son Dasaraju came near the water, at some distance from where the Complainant was shooting, ~~Das~~ the Syce beckoned to him & Dasaraju went there. The Syce then said to Dasaraju, you will be paid, better bring out the birds. Dasaraju said he did not know how to swim & could not therefore comply. The Compl^t. then said angrily, send ~~for~~ the Kulvadi to bring those who could swim & get out the birds, or take them out yourself. Dasaraju then said that there were swimmers at Bylahulley & Kanagal, but that they could not be sent for. On the Complainant having asked him to bring at least the one bird which

was

close by, he went into the water neck-deep and came back about a yard or a yard and a half pleading inability. The Complainant then told him, stand there and draw water, the bird is near and will come nearer still. Accordingly he did so, when the bird came a cubit further. The Complainant said, it has come near, hold it. The deceased then bent himself and stretched out his hand, when the bird and himself went under the water. I then came running from the tank-bund saying that my brother was dead, and beating my mouth.

At the time, the 1st witness was shooting near the ~~tank~~ Kodi. I took off my belt and went into the water knee-deep - I feel cold - I returned. The Complainant referred to his watch and said that there was still life in him and asked me to have the body taken out - It was then ~~threshing time~~ harvest-season, and no one was present - Ranga Raju, another Ranga Raju ~~son~~ of Honnumantha came behind me towards where the deceased was drowned. They are aware of what all transpired. Complainant remained there. Afterwards

2. 3 or 4 of the
Villagers — women &
children — came there

ing this commotion
came running to-
wards us. ~~The~~ ~~[illegible]~~

cused came ~~armed~~ to the spot where ~~[illegible]~~

the Villagers also turned
up. When the 1st

plainant mounted
his horse. As the
1st witness also was
about to mount
his horse, the de-
ceased's mother

Sahebs and that
they would give

something for main-
-tenance - 3d Accused

-ants' horse, when, the
latter asked him to
keep away as the
horse was a mis-
-chievous one - I seized
hold of his horse near
the thrashing-floor.
I asked them to wait
till the Police arrived.
When I seized hold,
the horse became restive.
I did not let it go.
They asked me to let
it go, but I did not

too, wait till the arrival of the Police. They then went and stayed at the temple. I went to the Police Station and was giving out my statement. The Sahebs' servant Eru came there with a watch. A Mahomedan Constable was sent to the Village from the Station, and I was sent accompanied by a Constable, to the Taluk Jemadar. From Bilehully, I came to Hassan where I deposed before the Jemadar all that happened. I did not accompany the Police Constable to the Village. This is what transpired. Except stopping the horse, I did not abuse, beat or assault them.

33. That the Planters shot teal in the Village and that the deceased died in attempting to recover them is clear. There is a conflict of evidence as to whether the deceased had been induced to go after the dead birds by the offer of a reward. It is also probable that the brothers of the deceased tried to detain the Planters and extract some compensation for the family of the deceased who according to their notions gave up his life to oblige the Planters. In the

attempt to detain them till the Police turned up a Scuffle ensued and one or both of the Planters were probably roughly handled though it is also likely that the Accused did not escape altogether unhurt - The Complainant did not wish to proceed against the Accused having regard to the sorrowful and excited state of mind they were in owing to the unnatural death of their brother and cousin - The Magistrate was so obliging as to send a Policeman with a summons in blank to be filled

with the names of
as many of the Villagers
as the Complainant
chose to point out
and ultimately
sentenced the 1st
Accused to 7 days'
rigorous imprisonment-

Office Note regarding the Complaints of some of the Planters in the Kadur Dt.

During the two years 1893-94 and 1894-95, there were in all 10 cases in which Natives were charged with offences coming under Assault, Assault to wrongfully restrain, Insult & Hurt. Of these 10 cases, the first was lodged by Mr Reay against a Mestri and five coolies of Mr King, of Criminal trespass, Insult and Theft of Bamboos. The defence was that the Bamboos were cut under the orders of Mr King, the five coolies were acquitted in all counts and Mr King's Mestri convicted of Insult alone and sentenced to a fine of 15 Rs. The second was by Mr Allen against 7 coolies (not belonging to Mysore) in the Kathle-kan Estate and the charges were under Section 357, 323, 352 and 504, the accused were acquitted of the charge under Section 357 (Assault in wrong-fully

-fully confining) after taking evidence, and the Complainant compounded the other Offences and the Accused were acquitted in respect of them under Section 345 of the Criminal Procedure Code. In the third case Mr Browsher charged an Estate cooly with Assault, who was acquitted owing to non appearance of Complainant. In the fourth case Mr Dunn charged four Mussalman traders of Koppa with Insult and Assault but the Complainant withdrew the Complaint and the Accused were acquitted under Section 248 Criminal Procedure Code. In the fifth case three South Canara Coolies were charged with hurt by Mr Lincoln and one of them was convicted and sentenced to 3 months' rigorous imprisonment. In the sixth case one Mr Cunningham charged 6 Canara Coolies with hurt, 2 were sentenced to 3 months' rigorous imprisonment, 2 to 1 month and 2 to 15 days. In the seventh case, two Madras Estate Coolies (in Mr Playfords' Hoosal Estate) were charged with hurt by Mr Playford

⊗ The accused was charged under ss 504 & 570 of the Ind Penal Code with having criminally intimidated the complainant and with having caused annoyance to complainant while in a state of intoxⁿ.

The accd convicted accd of both charges and for the offence under s. 504 sentenced him to undergo rigorous imprt for 10 days & to pay a fine of Rs 10 & for the offence under s 570 to pay a fine of Rs 10 –

and sentenced each to 6 months' rigorous imprisonment. The eighth was a case of Assault by Mr. Finton against a neighbouring Mussalman Coffee Planter and the accused was acquitted under Section 248 Criminal Procedure Code. The ninth was a case of Insult by Mr Reny against an agriculturist who stated in defence that the insult consisted in his characterizing a statement of Complainant about an oral contract binding Accused to cultivate Complainants field to be false; the case was withdrawn, and the Accused Acquitted. In the tenth✗ case, the Accused together with a number of other people was returning along the road in which the Complainant was driving in a dog-cart. Accused was in a narrow ~~and~~ part of the road and was carrying a load on his ~~the~~ head. The Complainant struck him with a whip. Accused and several others abused Complainant and Accused admitted to having drunk 2 drams of Arrack in the fair.⊗ (The Amildar took this to be an

admission of being drunk
3 and convicted him of
Insult and sentenced him
to 10 days' rigorous im-
prisonment.)

It will thus be seen that with the exception of the local agriculturist who was hauled up for Insult for denying as false the Complainant's allegation of an oral contract and was acquitted, and the Toddy drawer who used foul language in return for being struck with a whip, while he was carrying a load on his head along a narrow public road, the Mysore Villager is conspicuous by his absence in the list of Assaults preferred during the past two years. In the three cases of hurt in which sentences were passed of 6, 3 and 3 months' rigorous imprisonment respectively, the offenders were South Canara and Madras Estate Coolies. Two cases against a Mussalman Planter and four Mussalman traders were withdrawn

3 cases out of 10 were all against Estate Mestries and Coolies - In one of these the Complainant did not appear, in the second an Estate Mestri was fined 15 Rupees for insulting when ~~obstructe~~ when prevented ~~in~~ from cutting down bamboos ~~under~~ his master (Mr. Knig's) orders and in the third, seven Madras Estate Coolies were charged under four sections, were acquitted under the more serious offence and the complainant compounded the other offences. So far therefore as 'Ruffianism' by the Village population is concerned, the Criminal records of the past two years do not afford any evidence of it -

It would be interesting in this connexion to see how the Europeans stand in the matter of Assaults against Natives. Taking

the three years 1892 - 1895
3. we find that there were 3 cases of Assault by 3 separate Complainants, against Mr. Denton, in which he was convicted and sentenced to a fine of 20 Rupees in the aggregate — One case of Assault and Hurt against Mr. Hugonin which was compounded, the Accused being Acquitted under Section 345 Criminal Procedure Code, One of Hurt against Mr. Le Mouzin in which the Accused was convicted and fined 2 Rupees, One case against Mr. Le Mouzin of Assaulting a Public Servant in the lawful Execution of his duty in which Mr. Le Mouzin was convicted and sentenced to a fine of 50 Rupees, One of hurt against Mr. Lake in which the case was compounded and the Accused Acquitted under Section 345 Criminal Procedure Code, Another against Mr. Le Mouzin which was compounded and the Accused Acquitted under Section 345 Criminal Procedure Code, One

against Mr. Allen of Obstructing and Assaulting a public servant in which the Accused was acquitted under Section 258 Criminal Procedure Code, One of Assault and Wrongful confinement against Mr. Clifford and Captain Foster in which the former was convicted on both counts and sentenced to pay a fine of 5 Rupees and the latter was acquitted as he acted in accordance with the orders of Mr. Clifford. Out of the ten cases of Assaults &ca against Europeans, six ended in conviction 3 were compounded under Section 345 Criminal Procedure Code and one was acquitted after taking evidence. So far therefore as the Kudur District is concerned, the attitude of the Magistracy comparing the punishments inflicted on Europeans and Natives in cases of Assault & Hurt and the issue of

Warrants instead of Summonses, in respect of Offences of Assault and Hurt against Natives, so far from encouraging Natives in defying Europeans, is highly favorable to the maintenance of the prestige of the Planters as a class superior to the surrounding population of the country and to deter the latter from bringing charges of Assault &c against them

Mr Sparkes' remarks, that the 'Ruffianism' is confined to 'locals' as distinguished from South Canara and Malabar Coolies, is in strange contradiction to the inference suggested by his Statistics, but is not a matter for surprise as he has evidently attached undue importance to the salutes he receives from the foreign Coolies which are frequently withheld by the locals.

The Planters have apparently no grievances against the higher officials of the Taluk, but complain that Policemen enter their Estates, for serving Warrants under the Breach of Contract Act, with their Sandals on and that Patels and Shanbogues do not readily respond to their calls for local information — As a remedy for this state of things, Mr Sparkes has informed the Planters that any such complaints against minor Official should be sent up directly to him when they would receive immediate attention — In the Malnad where any offender can personate a Mestri, owing to the scarcity of labor, to employ him in a Coffee Estate, and the difficulties of detection are consequently great, it is of essential importance to preserve the independence of the Village and Regular Police but the orders of Mr Sparkes

are calculated to undermine that independence, and in practice anything like equal treatment in cases of conflict of interests between the Village population and the Coffee Planter will become impossible if the Village Officials are liable to be summarily fined by the Deputy Commissioner for not attending at the Planter's Bungalow whenever it pleases the Planter to send for him.

In this connection it is of importance to observe that the only case of discourtesy against an Amildar in Mudgere put forward by the Planters was that of Mr. King who was summoned by the Amildar to explain why he (Mr. King) tore up a warrant sent ~~with~~ into his Estate for service on one of his Coolies.

Mr. Sparkes suggests as a means of restoring the prestige of European Planters the investiture of such of them as may be nominated by the Planters' Association and approved by him, as Honorary

Magistrates empowered to decide petty cases. Mr Sparke's proposals practically amount to introducing a patri-archal state of things in the Malnad, where the European Planter in his Coffee Estate will be a local chief invested with Magisterial powers and with the minor officials — Police and Revenue — of the surrounding Villages practically under his control. The European planter may ~~on a ...~~ be fitted by qualities of head and heart for such a position, though some of them are obviously unfitted for it, but in the admittedly strained state of the relations between the Villagers and the Planters

and having regard to the nature of the times, the creation of such a state of things which might have been feasible in the early days of the British Commission, is now out of the question. Government however are satisfied that the real cause of the discontent of the Planter lies deeper and that the opposition and ill-feeling in Mlanje alleged to be shown by the locals is due to the multiplication of minor native land-holders round the European Estates, many of whom cultivate Coffee on a small scale, render the competition for labor keener than ever and the chances of detection of Coffee stealing more and more difficult.

The following

Extracts from the memos of one of the most sober, intelligent and distinguished of the Coffee Planters will show how matters stood in regard to this matter in 1892:—

(Dasara Pro: for 1892, Page 207).

"The European suffers another annoyance in regard to the employment of casual laborers, and that is, in connection with the keen competition that exists with those Natives who hold very small Coffee Hitlus all over this Taluk.

These small peasant proprietors allow the local coolies to dictate their own terms, and pay fabulous rates for contracts for digging, clearing, house-building, &c.

They sell their crops, their firewood, bamboos or anything that they can part with, in order to get money to work their little gardens, which are often only a few acres in extent.

They cordially welcome coolies at 11 o'clock in the day, and are satisfied with about half of an ordinary day's work.

One man boasted to me that he had pruned his property for Rs: 16. On inquiry it was found that the work had been performed by three ~~men~~ people in four days!

The natural effect of this is, that the coolies are masters of the situation, and after taking money advances from Europeans they

avoid

avoid attendance at an Estate where a fair day's work is required, and readily obtain congenial employment wherever they choose to go among the small gardens above referred to.

Many of the Farmers of this Taluk have become so interested and absorbed in the work of their Coffee Estates, that they have sub-let their paddy fields on the Varam system to the coolies, so that if matters progress in the same course much longer, there will be no local labor available for working the European properties. All the above enumerated circumstances combined, render the present state of affairs in this part of the country obviously

3 intolerable for the Europeans, and it is therefore essentially necessary that when agricultural laborers are engaged, either locally or from a distance, and are paid large sums of money in advance, an equitable arrangement should be provided by law to prevent them from causing their employers annoyance and loss."

If the labor difficulties were so great in 1892, they are much greater in 1895. During the interval of three years the Coffee area has increased by 10,000 acres, the number of European Estates by 150, and native Estates by 600 - The average area of European Estates is 65 acres

and that of Native less than 4 — " 4
Local Villagers, once Coolies in European Plantations, are fast becoming Agriculturists and are probably not so obliging to European Planters as they once were, having learnt independence during their Cooly life — Mr. Anderson's description of how the timid Villager becomes courageous and self-assertive after a training under European Employers is worth quoting here — "The very idea of Oppression of any sort may be best dismissed by the following statement, which, I venture to think, goes far to prove what sort of a man a cooly who has worked under an European is — It is

Customary for Madras Cloth merchants to Visit this District about the conclusion of the rains, and having disposed off their goods to the Villagers, they return, after the crops are gathered in, to collect the money - Formerly their method of Collection consisted of sending several of their retainers into the Villages with big sticks, or of terrifying the women and children, when the men, for obvious reasons, avoided being present - Last year a merchant tried this old plan on one of the Villages belonging to this property. It is needless to say he suffered severely for his temerity, as the Villagers lay in

wait for him and his gang, and administered such prompt punishment on him that they have never ~~have~~ ventured to come near the locality again."

Another noticeable feature is that during the last three years the new Native Plantations have an average area nearly thrice as large as the old Native Plantations while the new European Plantations have shrunk to a third of the average size of the old Plantations — It is thus clear that Natives are now opening large estates and the Europeans smaller estates than is usual with them — and this multiplication of European and Native Estates — large

small — has necessarily the effect of confining rights of way to specific paths and byways, of intensifying the fierce conflict for labor and rendering the equitable enforcement of the Coffee Stealing Prevention Act practically impossible. Thus during the past two years there have been four cases of complaints of Criminal Trespass and unlawful interference with Coffee cultivation, of which one ended in acquittal, one in directing, (under Section 144 of the Code of Criminal Procedure), the accused Mussalman Planter who had sold the land in question to complainant, but alleged that possession had not been given, to abstain from interference, and the other two in the conviction of two local

Cultivators, the sentence being one months' rigorous imprisonment

Out of the 10 cases of theft of Coffee and possession of stolen Coffee, 4 cases in which foreign Estate Coolies were the Accused, ended in their conviction, the sentences ranging from 1 to 3 months' rigorous imprisonment. In one case the Coffee had been obtained from the owner of a small Native Coffee Estate as an advance and the Accused was discharged, in four cases where locals were Accused and two of the Accused were women, all four pleaded that the Coffee alleged to be ~~as~~ stolen was their own (two of them possessing

small Coffee Estates), all four were convicted, one being sentenced to a fine of 5 Rupees, and the others to three months' rigorous imprisonment. In the last case against a local cultivator, the sentence of 100 Rs: fine was quashed by the Chief Court –

The six cases of Criminal Breach of trust brought during the past two years by Europeans were, as might be expected, against Madras and Canara Mestries and Coolies –

Under these circumstances, and having regard to the fact that the Planters of Chikmuglur and Sol-lebail complain of the existence and growth of

ill-feeling for which they are unable to account and that 853 European Plantations are interspread between 28,000 native Plantations – small and large – ~~Government has~~ there need be no hesitation in putting the ill-feeling down to jealousies engendered by the struggle for labor and struggle for adjoining land and rights of way and the difficulties of detecting thefts of Coffee by Estate Coolies.

On 19th August 1895, Mr. King complained to the Amildar Magistrate of Mudigere as follows:—

"Yesterday evening, 18th August, "while driving home "in my dog-cart with "Mr. Fenton along the "Bythewelly road — "about 6. 30 P.M., we "passed innumerable "people coming home "from bazar, the greater "portion of whom were "more or less drunk, "and we had great difficulty in making them "get out of the way of

"the trap. One man
"did his utmost to
"fall against the
"wheel although Mr.
"Fenton and I called
"to him several times.
"In order to prevent
"him actually being
"knocked down by the
"trap I gently touched
"him with the driving whip –
"we drove on and arrived
"at the river where we
"unharnessed the pony
"and were about to be
"ferried over when we
"heard a man calling
"out at the top of his
"voice the most obscene
"language possible –
"too filthy to be recorded
"in this petition and
"calling to others to come

"to his assistance and
"saying he would not
"permit me to cross
"the river that night -
"The doni-man* told
"him to go away quietly
"several times and
"not use such language
"and act like a mad
"man - we crossed the
"river amidst a shower
"of abuse fit for no
"European ears to
"hear and he still
"kept shouting to
"some 30 or 40 persons
"who were at the
"higher ford 100 yards
"up. One urchin came
"and he was also
"abusive. Finding we
"had got across quietly,
"they ran to where the
"crowd ~~who~~ were and
"excited them to cross

How did he hear what he told people 100 yds higher up on the opposite bank

"and follow us by the
"upper road and so
"cut us off. Luckily
"I knew of a by-path
"which Mr. Fenton and
"I took hearing their

"from which I gathered
"they were going to try
"and cut us off at
"my turning. Mr. Fenton
"and I found our way
"by a very circuitous
"manner thro' scrub
"jungle in the dark
"and we were indebted
"to the darkness for
"having reached home
"in safety. My horse-

-nally and I will as-
-certain his name &
"intimate same to the
Court."

The friendlies were not examined

2. The complaint
did not specify the
name of the accused
nor his place of re-
-sidence and the Ma-
-gistrates' order thereon
was as follows: —

" A warrant

"should be issued for the
"arrest of Accused
"under Sections 504
"and 510. The warrant
"should be issued
"after the Accuseds'
"name is ascertained.
" The Accused should
"execute a bond of his
own recognizance for
50 Rs and furnish a
surety for 50 Rs:"

3. The Warrant
is dated the 20th and
is directed to the Police
Inspector who handed
it over to the Duffedar
Thammia. The latter
endorsed it on the same
date to Constable
Latchma and on the
21st the Duffedar has
reported as follows:—
"Mata alias Rama

"Came here under ar-
"rest. The Security
"bond executed by our
"Annia is appended
"hereto."

4. The Accused was arrested on the 19th evening as the following letter of Mr. King would show:—

"Kessel. 20. 8. 95

"To.
The Amildar of Mudigere

Sir,
I sent in Bilor Rama or Mota (he has two names) the son of Biligee, we had the greatest trouble in capturing him, he was insolent and his mother and others tried to obstruct the Constable taking

him away. Please
do not allow him
out on bail as I
have grave doubts of
catching him again
by Thursday. The
Constable had to take
off his turban and
use it to tie the ac-
-cused as per hand-
-cuffs to his wrist, as
he was most violent
and refused to go.
I have the two sum-
-monses for Dasa
and Byree here, if
you will send a peon
today I will point
out and hand over the
two women in ½ an
hour. I trust you
will kindly take the
seriousness of the

case against Rama into consideration an refuse to allow bail, had not I gone to the Village last evening we would not have succeeded in catching him at all. I have collected further evidence of a most grave nature against the Accused and will bring in all my witnesses 5 in number on Thursday morning"

---

5. It would thus appear that the accused was arrested without a warrant though under law he could not be arrested without one—(Vide Schedule Column of sections 507 and 510 of the Criminal Procedure Code)—and

from the 19th evening till the 21st he was in the custody of Constable Latchma - Mr King in his letter of the 20th also desires the Amildar to send a Peon and promises to hand over two women in half an hour - As to who these two women were and who Dyava and Byree were, for whom Mr King says he has summonses with him, the record ~~[illegible]~~ throws no light whatever - There are no summonses in the record and Dyava and Byree are not mentioned anywhere in the Proceedings -

5. On the 22d the trial commenced.

The witnesses for the Prosecution were:— Messrs. King and Fenton, Hyath Sab (Mr. King's syce) Nalvara (Mr. King's waterman) Batta (Captain Foster's syce) and Chinnia. Of these Chinnia states that on the evening of Sunday the 18th some people returning from the fair passed on the path-way by the side of his house leading to the Sirkari Byra-walli road, making a noise. He does not know who they were and does not say what they were making a noise:—

Nalvara and Betta accompanied Captain Foster and Messrs. King and Fenton on the 19th evening to ascertain the name of Accused and point him out to the Policeman charged with the process, [who. The Policeman had come to the Bungalow and accompanied the party to the accused's village] Betta speaks to Nalvara's having gone into Accused's house on the 19th and talking to him about sundry things while he was waiting outside. Nalvara states that Accused asked him what place he came from and on his replying that he (Nalvara) was living in the Kesvalalu Bungalow, —

Accused

Accused asked who the two Europeans in the Bungalow were. Nalvara replied there was a Chikka Saheb. Accused said "On Sunday they came to beat us. We were seated near a Bakli tree. The Sahebs did not come there. If they had come, we would have taken away their life". Nalvara then left the accused's house to fetch the Sahebs —

Mr. King stated in his evidence to the following effect "I was driving along Byranalli road with Mr. Fenton. Many people were returning from the Hindu Siva Santé. This fair succeeded Gowri Habba and many were drunk as is usual in Malnad during this festival. As we neared a narrow part of the road accused did not make way and was nearly coming in contact with the wheels. I struck the accused with my whip. We then drove 1½ miles to the river. We got down and walked to the river.

~~back~~. As we began to walk I heard a loud noise behind me. I looked back and saw the accused who came up abusing me. I did not mind it but went to the boat. Accused followed abusing me. I told him to go away. He refused to go. I then asked him to give his name. He refused to give it, abusing me at the same time. As if to prevent my getting on the boat he called to the people who were coming behind. He said he would not allow us to cross the river. We got into the boat and

were ferried over. After we reached the other side accused called out to the people behind him and said our further progress must be arrested. Having heard this we thought it safe to cut away by a jungle path and reached the bungalow by a cir-cuitous way"

Mr Fentons evidence was to the following effect:—

"On Sunday evening we were driving home from Voodase to Kesanalli Estate. On the road coolies were returning from the Mudigere fair with loads on their heads - more or less, all were drunk

It was very difficult to make our way through them - Turning to the Byravalli road, progress became very difficult, the road became narrower and the crowd was large - We met Accused with a load on his head in a very narrow part of the road - Mr King and myself called out to him - He did not mind it. We slackened pace. We tried our best to avoid him but could not. Mr King gently touched the Accused with his whip - We drove on as far as the river. We met lots of Coolies in the way. We left the trap and pony with the syce and walked to the ferry -

As

As we were walking to the boat we heard some one calling out, and looking behind saw accused abusing us and in a threat-ening attitude - I asked Mr King who he was - Mr King did not know - We thought he was calling out some of his own men - When he came nearer and abused us, we learnt that it was us he was abusing - He called out to the crowd - An urchin turned up and he and the accused abused us even as we sat in the boat - I dont understand Canarese well -"

Hyath Sab,
(Mr King's syce)

stated to the following effect:-

Messrs. King, Fenton and myself were driving to Kesaval Bungalow - As we were coming along the road, the Accused was coming along abusing us - We came near the boat. The Accused cried to the crowd to join together to beat the Dhorais - They asked where are your Dhorais? I said they were behind - Accused and some others sat down waiting for the Dhorais to come up. Meantime I went to the Bungalow. I was in a back seat and went with the Dhorais up to the river when I was asked about the whereabouts

of my Dhorais, the Dhorais were actual-ly crossing the river

It is clear that this last witness has been giving false evidence from beginning to end. His statements are directly contradictory to those of Messrs King and Fenton. He has avoided all mention of the whipping and evidently wishes to appear as the Saviour of his master by his invented dodge of having put the accused off on a false scent.

Omitting from consideration the statement of the accused and the

evidence for the defence, which tries to make out that Accused was severely struck more than once while standing in the side drain to make way for the trap, the evidence of Messrs King and Fenton amounts to the following " Accused was in a very narrow part of a narrow road - He was carrying a load on his head with a lot of other coolies - He with the rest was drunk - To make way for the trap Mr King gently struck the Accused. For a mile and a half of a drive they saw no more

of him. He [turned up as they were walking up to the ferry and] abused them. He could not induce any of the bystanders to join him either in abusing or threatening them. A little urchin however joined in abusing them from the river bank as they got into the boat."

On this evidence the Magistrate has convicted the man and sentenced him under Sections 504 and 510 of the Indian Penal Code, to rigorous imprisonment for 10 days and a fine of 20 Rs:

It is clear that the Police went out of their way in

arresting the man
without a Warrant
with the help of the
Planters, that the
accused was in custody
for at least 36 hours
before he was released
on bail under the terms
of the Warrant issued

Extract from the Madras Mail, dated 12th October 1895.

from a letter headed

Ruffianism in Mysore.

& signed "Mc" a genuine Planter

Sir,

Of late years one often hears the remark made that Mysore is no longer place for Europeans, and I begin to think there is much truth in it. What with petty annoyances, and obstruction by officials, combined with Government injustice and labour

troubles, life is hardly worth living. But, sir, there is a much more serious side to the question and that is the insulting and violent conduct of the Natives towards Europeans, the worst feature of which is the fact that it is secretly encouraged by the higher class Natives who should know better. It is an every day occurrence for Planters to be insulted while riding through Native Villages, and even the children run out and use foul and disgusting language. It is needless for me to say

All this may be omitted

they must be instructed by their parents or they would not think of such a thing. Some Villages are parti-cularly bad in this respect. Complaint is seldom made for the reason that even when a conviction is obtained the sentence is such as to make the Complainant appear ridiculous)

I wish to bring to your notice a case in point. Two planters, while driving along, overtook a native, a toddy man by caste, who <u>deli-berately</u> obstructed their passage. The Planters while trying to pass the man touched him with the whip

to prevent him being run over, as he appeared to be the worse for drink. Nothing in the nature of an assault was intended and the man was simply guided to one side. The man made no complaint at the time, nor could he show any evidence of an assault next day. The Planters drove on and after going some 3 miles reached a spot where a large river had to be crossed. They then saw a man running behind the trap, who turned out to be the man who had obstructed (who had been drunk just previously) their path. On the banks of the river

false

70 or 80 natives re-turning from the bazar and the toddy man seeing himself supported by so many friends, at once began to pour out torrents of abuse at the same time using most obscene language and daring the planters to as-sault him - One of the Planters who speaks the language perfectly and has lived in the country many years, got out <u>of the trap</u> and

false explained to the ex-cited man that he had no wish to assault him and had only

false touched him in the first place to prevent

an Accident. The man then called on the crowd to kill the Planters and the end of it was the Planters had to leave the dog-cart behind and beat a hasty retreat through the jungle to their Bungalow some miles off. A complaint was made next day to the Amildar Magistrate and the Police were sent ~~arrest~~ to arrest the man, who made a stout resistance and it was only with the aid of one of the Planters that he was secured. The man admitted having

waited with a crowd armed with sticks and lathies far into the night in the hope of intercepting the Planters on their ~~own~~ way home - The sentence was 10 days imprisonment!! Now, Sir, considering that the consequences might have been most serious, perhaps only ending with the lives of some of the parties, I think the punishment totally inadequate and indeed more likely to encourage this sort of thing than otherwise -"

Bring this with you
when you see me this
Evening – I will afterwards
send it to Mr Members Chetty

I. Wundevarhully Patels report dated 25th. February 1895, to the Bilehully Police Station.

No charge was framed against the 2d. and 3d. accused.

The following charge was framed against and read out to the 1st Accused:

That on the 25th February 1895, during the day or thereabouts, you hurt the Complainant by squeezing his neck and beating him, near the temple at Wunn-devarhully Tank and thereby committed an offence punishable under Section 323 Indian Penal Code.

That on the same day and at the same time you used abusive language to the Complainant and thereby committed an offence punishable under Section 504 Indian Penal Code.

The accused denied the charge.

The 1st Accused stated as follows:—

The Complainant and another Yira (not the 3rd witness) were shooting in the tank-bed. The 1st witness was shooting towards the tank-bund. As I followed the 1st witness, he said something in his language. I stood behind a Oopli tree. Of the birds shot by the Complainant, some dropped in the lotus and some in the water. My uncle's son Dasaraju came near the water in the direction ~~where~~ ×

the Complainant was, the Complainant's syce beckoned to him and he went there. The syce then said, "You will be paid, better bring out the birds." Dasaraju said he did not know how to swim and could not therefore comply. The Complainant then said angrily, "Send the Kulvadi to bring those who could swim and get the birds out, or take them out yourself." Dasaraju said that there were swimmers at Bilehully and Kanagal but that they could not be sent for. On his having asked him to bring out at least the one bird which was close by, he

went into the water neck-deep and came back about a yard or a yard and a half pleading inability. The Complainant then told him, stand there and draw water, the bird is near and will come nearer. Accordingly he did so, when the bird came a cubit ~~farther~~ closer. As the Complainant said, it has come near, hold it, the deceased bent himself and stretched forth his hand, when the bird and himself went under the water. I came running from the tank-bund saying that my brother was dead, and beating my mouth. The 1st witness

was shooting near the Kode.
I took off my belt and went
into the water knee-deep:
I felt cold and returned. The
Complainant referred to his
watch and said that there
was still life in him and
asked me to have the body
taken out. It was then
harvest season and no one
was present. Ranga Raju &
Hanumanthana Ranga Raju
came behind me. They are
aware of all that trans-
pired. Complainant remained
there. Afterwards, 2, 3, or 4
of the Villagers, women and
children, came there. The
1st witness, hearing this

commotion came running-
~~He came to where~~ The 3d. ac-
-cused, came to the spot where we ~~and myself~~ were
beating our mouths. Some of
the Villagers also turned up.
When the 1st. witness was
coming within 20 yards distance
the Complainant mounted
his horse. As the 1st. witness
also was about to mount his
horse, the deceased's mother
asked the deceased's wife to go
to the Sahebs adding that
they would give something
for maintenance- The 3rd.
Accused was following Com-
plainants' horse and he (Complainant) was
asking him to keep away as
the horse was a mischievous
one. I seized hold of the

horse near the thrashing floor I asked them to wait till the Police arrived. As I seized hold of the horse, it became restive. I did not let it go. They asked me to let it go, but I did not do so. They struck me on my lips with the butt-end of the gun. It wounded and bled. The Court 1st witness said, You have killed him and are you bent upon being mischievous and killing these too, wait till the arrival of the Police. Both of them then went and stayed at the temple. I went to the Police Station and was giving my statement to the Duffedar

The Sahebs' servant Era came there with a watch. A Constable was sent from the Station. I was sent, accompanied by a Constable, to the Taluk Jemadar from Bilehully. I deposed before the latter at Hassan all that transpired. I did not accompany the Police Constable to my Village. Except in stopping the horse, I did not abuse, beat or assault them. I have heard the Charge read out to me. I did not commit the offences therein mentioned. I did not also commit assault. I have witnesses.

The 2^d. Accused stated as follows:

I did not commit the assault - I was not in the Village on the day in question. I went to Kanajal on Sunday, stayed there on Monday and returned on Tuesday - I have witnesses -

The 3rd Accused states as follows: -

I did not commit the assault. I was spreading grass at the thrashing floor - As the 1st Accused beat his mouth that ~~(Dasu Raju)~~ Somebody had fallen in the tank people went there. I also followed. They said that my brother had fallen into the tank. My statement is the same

as that of the 1st Accused.
The witnesses cited by the latter are also my witnesses.

6. 1 Ranga Raju, 2 Ranga Raju were examined on behalf of the 1st and 3d Accused, and 1 Mari Gowda, 2 Linge Gowda on behalf of the 2d.

7. In his statement the Complainant has deposed that the Accused and other persons not only abused and insulted him, but also beat, hurt and assaulted him.
The 1st witness has personally witnessed the insult used and the beating and hurt caused by the 1st Accused. It cannot be assumed from his statement that the 2d and 3d Accused

committed the offence of insult. He has however stated that the Accused and some others were among those who beat the Complainant

The 3rd witness has deposed to having seen the 3 Accused beat, assault and hurt the Complainant. It cannot be assumed from his statement that he was aware of the offence of insult having been committed. It is ascertained that he was at some distance from the place where the offence was committed.

Both from the evidence of the Hospital Assistant, the 2nd witness, and from the Certificate, Exhibited C it is

quite clear that the offences of hurt and assault were really committed on the Complainant -

The Complainant and the 1st. witness have, in their first report to the Bilekhully Police, sent on the day of the occurrence, stated that the Villagers beat them, and that the Patel has omitted to mention that fact in his report to the Police

The Court 3d. witness has deposed that the Complainant not only informed him that the individuals who went to the Police Station as well as some others beat him, but also pointed out

to him, after going to the tent and taking off his clothes, blood clots on the body. He has also stated that it was the 1st and 3d Accused who had come to the Station.

The Complainant and the 1st witness while saying that the 1st witness for the Court witnessed the commission of the offence and separated them, prayed that his evidence may be dispensed with for the Prosecution, on the ground that he was related to the Accused and would not consequently speak the truth. He was examined on behalf of the Court when he

ignored all knowledge of the commission of the offence but spoke merely to having pacified the parties which strengthens the prosecution—

The Court 3d. witness the Patel of the Village knows nothing of the complaint, but has only sent a report, Exhibit I, about Dasa Raju's death, which he was informed of. He is a relative of the Accused.

Although the 1st. and 2d. witnesses, on behalf of the 1st. and 3d. Accused, corroborate the statements of the Accused in regard to Dasa Raju's death the 1st. witness has stated that it was the 3d. Accused who stopp the Complainant's horse while

the 2d. witness speaks to the
1st Accused having done so -

From the evidence of the witnesses for the 2d. Accused, it cannot be established that the 2d. Accused was not present at the scene of occurrence, when the offence was committed

In short, it is quite clear that as the Accuseds' relative Dasa Raju, who went into the tank to bring out the birds shot by the Complainant and the 1st witness ~~in~~ ~~it~~, ~~having~~ got drowned and died, the Accused and other persons got excited and stopped the Complainant and the 1st witness and caused hurt &c. —

The 1st and 3d. Accused
… themselves admitted the fact

of stopping. Even if it is assumed that, according to them, it was no offence to have asked them to remain, and prevented them from going, till the Police came there to enquire into Dasaraju's death still it cannot be said that it was no offence to have beaten hurt, ~~and~~ assaulted and insulted them -

The Complainant denies having sent Dasa Raju to bring the birds. No mention is made of his having so sent him even in the first report, Exhibit I. The 1st Accused has stated that the Complainant's syce sent him. Even if it was true, as stated by the 1st Accused, that the Complainant did ask the deceased to bring out the

birds, it cannot be said that he knew that this act was likely to cause death and that he sent him in pursuance of that intention. If what he did was wrong, suitable steps ought to have been adopted, without unreasonably committing assault &c.

In support of the reliability of the Complainants assertion that his attempts to have the body taken out proved ineffectual, there is the statement of the 1st Accused himself, that the Complainant told him that there was still life and asked him to have the body taken out -

The Complainant and the 1st witness are European gentlemen - There is no reason

for their concocting false statements against the Accused -

The statement of the 2d witness on behalf of the 2d Accused, that the Complainant told him on the day of the occurrence, that he was beaten also strengthens the prosecution

Both from the evidence adduced in the case and from the Exhibits produced, the Court is of opinion that the Accused did commit the offence -

The Court finds the 1st Accused V. Ammanantha Raju guilty of the offences mentioned in the charge, viz that he beat and hurt the Complainant and thereby committed an offence punishable under Section 323 I. P. C.,

- that he abused and insulted

the Complainant and thereby
committed an offence punish
-able under Section 504 I. P. C.
The Court finds the 2d and 3d
Accused Hanumantha Raju
and Ranga Raju guilty of
having beat and assaulted
the Complainant and thereby
committed an offence punishable
under Section 352 I. P. Code.
The Court directs that the 1st
Accused Hanumantha Raju
do suffer, for the first offence
rigorous imprisonment for 7
days and pay a fine of Rs 2
in default suffer 7 days in
simple imprisonment, and
for the second offence, do pay
a fine of Rs: 10 in default
suffer 7 days rigorous im-
prisonment; and that the

and 3d accused do pay a fine of Rs 5/ each, for the offence of Assault, in default do suffer 7 days simple imprisonment, each.
